Online Bookstore

Click our Bookstore Link to purchase code books and other resource materials through *Amazon.com*. Not only can you purchase these resources at rock bottom prices, but also help our chapter in the process. Every purchase through this link is credited to the chapter which helps fund the many benefits we give to our members.

Our Mission

To promote the public safety, health and general welfare of the citizens of our jurisdictions who build and occupy our residential and commercial structures by providing a forum to exchange ideas and education relative to building construction and to promote uniformity in building code administration as well as participate in the establishment of uniform building code regulations.

Yosemite Chapter International Code Council

Industry*

About YICC

The Yosemite Chapter ICC was founded in the 1950's to promote uniformity in the enforcement of building codes within our area, provide educational opportunities for Building Department personnel, Architects, Engineers, Contractors, Developers, and other interested parties.

Our membership is comprised of code officials from jurisdictions across the Northern San Joaquin Valley and Yosemite area. To see a list of current members please visit our website.

Who can become a member?

Professional Membership. A designated representative of a governmental unit or agency engaged in the administration or formulation of laws and ordinances relating to building construction, whether employed directly by the jurisdiction or by contract through a private company or another public entity.

Industry Membership. Members shall be an individual or firm, incorporated or unincorporated, engaged in the practice of architecture, engineering, private third party inspection services, manufacturing or sale of products, materials, services related to construction or building regulations; or persons actively engaged in building construction, design, material development sincerely interested in the welfare, health and safety of the general public.

Retired Membership. Any former Professional and Associate member who is retired.

Student Membership. An individual enrolled in classes or a course or study in Building Inspection Technology or related fields of instruction and not eligible for a Professional and Associate Membership.
